Ashaab Rizvi

Data & Analytics Consulting | Business Analytics | KPI Diagnostics | SQL | Snowflake | Delhi, India

ashaabrizvi09@gmail.com linkedin.com/in/ashaabrizvi ashaabrizvi.com

Summary

Data and analytics professional with **4+ years** across consulting analytics (**Bain & Company**) and data engineering (**Accenture**) on large-scale **retail and consumer data**. Turns KPI movements into **client-ready insights and executive storylines**, backed by automated, quality-checked delivery on **Snowflake and SQL** for **10+ clients**, using **AI-assisted automation with human review**.

Professional Experience

Associate, DataOps & Business Analytics | **Bain & Company** (Bain Capability Network) Jun 2025 – Present

- Diagnosed **KPI swings in sales, orders and customers** by segment, fulfilment type and basket size, reconciling sources to separate real business trends from data-capture issues.
- Turned findings into weekly and monthly **client-ready performance summaries** and **executive storylines** on trends, drivers and recommendations.
- Automated **10+ recurring monthly client deliveries** with Snowflake Cortex Code and templated SQL (phased, checkpointed, resumable runs), cutting turnaround by ∼**60%** and freeing time for analysis.
- Designed a **3-layer QC framework** (structural, integrity, KPI variance) run every cycle, catching schema drift, nulls, duplicates and missing periods before delivery for **10+ clients**.
- Tuned SQL and stored procedures with query profiles, removing redundant rewrites and cutting **compute cost**.

Data Engineering Analyst | **Accenture** Jan 2022 – May 2025

- Built and ran **AWS** pipelines (S3, Redshift, AWS Data Pipeline) in Python over **20TB+** of data for analytics.
- Re-architected S3 data management and tuned ETL and SQL for Redshift, delivering **40% faster queries**.
- Automated ETL and maintenance with **Oracle PL/SQL** and batch scripts for **50% more efficient** operations.
- Documented SOPs, delivered in Agile sprints and secured API data loads with token authentication.
- Earned a **fast-track early promotion** via the Techleap exam and the **ACE Extra Mile Award** (individual).

Skills

Business Analytics:	KPI and root-cause analysis, segment, trend and variance analysis, storytelling, Excel, PowerPoint
Consulting:	Client-ready deliverables, stakeholder communication, structured problem solving, Agile, JIRA
Data & Tools:	SQL, Python, PySpark, Snowflake, Databricks, AWS (S3, Redshift, EC2), Airflow, PL/SQL, Git
Data Quality:	Layered QC, schema-drift detection, anomaly checks, source reconciliation
AI:	GenAI / LLM integrations, AI-assisted SQL and workflows, prompt engineering

Certifications

Databricks Certified Data Engineer Associate (Databricks) | **AWS Certified Cloud Practitioner** (AWS)
OCI 2023 AI Certified Foundations Associate (Oracle) | **GenAI Automation Engineer** (Accenture)

Education

B.Tech, Mechatronics, Guru Gobind Singh Indraprastha University, Delhi | CGPA: 8.59/10 2017 – 2021

Achievements & Languages

- **Kaggle Notebooks Expert**: 5 gold-medal Python data analysis notebooks.
- **Brown Bag Session 2024 Winner** (Accenture monthly tech quiz); **GK Quiz Winner**, College Fest 2019; **Tech Quiz Event Host**, College Fest 2020.
- **Languages:** English (professional), Hindi (native), Spanish (elementary), Arabic (elementary).
